The image shows a grid of 12 examples demonstrating various uses of the CSS :has() selector. Each example includes a title, some explanatory text, and a visual result.

- GOUD**: A yellow background with the word "GOUD" in blue. Below it are three small circles labeled "1. kind", "2. nu zelf", and "3. checked".
- sadness**: An image of Sadness from Inside Out, with a white box containing the word "sadness".
- olifant**: Two grey elephants standing together, with a white box containing the word "olifant" and a checked checkbox.
- aap**, **noot**, **mies**: A legend with three radio buttons: "aap" (gray), "noot" (yellow, selected), and "mies" (gray).
- EEN TEKSTJE**: A pink text area containing "EEN TEKSTJE" and a checked checkbox next to "hoopla". Below it are three radio buttons: "paars", "blauw" (selected), and "groen".
- tekstkleur**: A text input field with the word "vampire" and a dropdown arrow.
- vampire**: An illustration of a vampire character.
- broertje**: A small red circle.
- list**, **grid**: A list of items: "thé puss", "le wizard", "el jafar", and "mr wolvie". The first item has a checked radio button next to "list".
- thé puss**: An illustration of a yellow LEGO figure standing in a field of red flowers.
- rood**, **groen**, **blauw**: Three radio buttons: "rood" (red, selected), "groen" (green), and "blauw" (blue).
- views**: A small red circle.
- 10. gallery**: A collage of three images: a clock tower, a golden Mario figure, and a hand holding coins.
- keuzes**: Three radio buttons: "rood" (red), "groen" (green), and "blauw" (blue).
- 11. thumbs**: A row of four small colored squares: blue, purple, yellow, and black.
- 12. thumbs**: A large green square.
